At the beginning of each school year, an LEA that receives Title I funds must notify parents of each student attending any Title I school that the parents may request, and that the agency will provide the parents on request (and in a timely manner) information regarding the professional qualification of the student's classroom teachers,

including at a minimum the following:

- ◆ Whether the teacher is teaching under emergency or other professional status that the State has waived;
- ◆ Whether the teacher is teaching in the field of discipline of the certification of the teacher; and
- ◆ Whether the child is provided services by paraprofessionals and if so their qualifications.

Additional Information - A school that receives Title I funds must provide to each individual parent –

- ◆ Information on the level of achievement and academic growth of the child, if applicable and available, has made on each of the state assessments required under this part; and
- ◆ Timely notice that the parent's child has been assigned or taught for 4 or more consecutive weeks by a teacher who does not meet the applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Please let us know if you have any questions about access to the above information or about any aspects of the Title I program.

We look forward to working together to help your students shine!

Sincerely,
